**OUR  
 TEEPEES**

# Giant Teepee

The Giant Teepee is our most popular range and be can . be used solely on its own or interlinked to create a space to hold 700 people or more, so don't worry about not having a venue big enough for all you guests!

The Giant Teepee sides can be both lifted in the summer to make the most of the beautiful surroundings. However, in colder conditions, the teepee sides can be lowered to minimise the heat loss from the fire and heaters! We love the sides down as its atmospheric and cosy!

There are a variety of entrances with the most popular being the avenue, entrance with the wooden doors as can be seen on the Left

## Giant Teepee

Diameter Per Teepee	10.3m
No. of People Seated	70 max
No. of People Standing	80 max

These numbers may alter depending on your furniture

# Midi Teepee

## Midi Teepee

The midi teepee is 8.40m in diameter and is a great space for a smaller get together or party. However, it also makes an incredible space when linked on to a larger configuration of teepee's.

It's most popular use is for a 'chill-out' area with a fire pit, comfy seating and beanbags or an additional space for the children to escape!

The midi teepee can be entered through via a porch entrance or can have a side rolled up as can be seen on the left hand side.

### Midi Teepee

Diameter Per Teepee	8.4m
No. of People Seated	48 max
No. of People Standing	58 max

These numbers may alter depending on your furniture

# Baby Teepee

At 6.5m in diameter, the baby teepee is most popular for small intimate events such as children's birthday parties, baby showers and family BBQ's in the summer.

However the baby teepee also makes an incredible hide out space for children at large events when running through the magical link tunnel when connecting up to a Giant or Midi Teepee.

## Baby Teepee

Diameter Per Teepee	6.5m
No. of People Seated	16 max
No. of People Standing	20 max

These numbers may alter depending on your furniture

# Tiny Teepee

The Tiny Teepee is 7.5m in diameter and is a popular structure for drink receptions, outdoor bar area, outdoor seating area, gathering points and for stands at festivals to keep cover from the weather.

The tiny teepee is the only structure within the teepee range that can not be interlinked with the other teepee's.

The tiny teepee can also have side panels added on to it at an additional cost to act as a wind breaker.

## Tiny Teepee

Diameter Per Teepee	7.5m
No. of People Seated	35 max
No. of People Standing	40 max

These numbers may alter depending on your furniture

Luxury Mobile Toilets

Generator

Solid Flooring

Reindeer Hide

# Weather Proofing

The Weather Proof Kits are designed to let natural light in to give you the appearance of the teepee sides being lifted without being effected by the elements.

- The Weather Proof Kits come in a few different forms such as;
1. x2 Entrance Tunnels, The 1st one having sides and the 2nd without plus 10m matting.
  2. Add on clear view panels at wither side to let more light in or a pair of wooden doors to keep the draft to a minimum.
  3. You can add the singular weather proof kit to a single, double or triple teepee configuration or if you wish to give the appearance of a lifted from clear viewing panels can be added at an additional cost.

# Next Steps

Of course after reading our brochure, you really want a Teepee for your event!

Well here are the next steps;

1. Visit our website at [www.teepeenthire.com](http://www.teepeenthire.com)

2. Navigate to the '**Quote**' section of the website where you can complete the form and select all the options you want for your teepee event.

3. We will then create you an itemised quotation and floor plan

4. Once we have got the quote to where we want it the next step is to carry out a site assessment if there has never been a teepee or marquee structure on site or that you're worried if it may fit.

5. We will then require a **NON REFUNDABLE** 30% deposit from you to secure your date and the teepee's or payment in full if its less than 12 weeks away.

6. From there we will be on hand to help you with any of your questions.

7. We will require your remaining payment 6 weeks before your event, which at this point we will schedule in your installation and collection date if not already arranged.

8. The installation team will arrive on site to begin installing the teepee's once they have finished the structure, furniture and decorative elements will be delivered and installed.

**9. CELEBRATE AND HAVE A FABULOUS TIME!**

10. Unfortunately, we arrive and to take the structure down on the agreed date after your event, where we will leave you with some fantastic memories!
